

Manufacturers & Stockist Distributors of:

Commercial & Industrial Safety Floorings,
Entrance Matting Systems & Specialist Mats
& Floorcoverings

“AQUAMAT” Rubber Matting

CLEANING AND CARE

Daily Cleaning

Brush, sweep or vacuum to remove loose litter and dirt. A cleaning machine with rotating Nylon brushes can also be recommended.

Periodic Maintenance

For small areas mop or lightly scrub using a neutral pH diluted detergent. Pick up any loose dirt (mop or wet vacuum), rinse with clean cold water. Wipe and allow to dry.

For larger areas, a floor drying/washing machine, again using a diluted neutral pH detergent, may be used.

Safety Flooring & Matting Systems

Entrance Matting Systems (Aluminium, Coir, Rubber Polypropylene, Nylon, etc.) & Matwell Frames.

Rubber Flooring Systems (Round Studded, Square Studded, Ribbed, Slate, Chequered, Hammer, Terrazzo, Smooth etc.)
