& Floorcoverings

“LUSTRE TWIST” Fibred Rubber Flooring Tiles

CLEANING AND MAINTENANCE

Regular maintenance is vital to ensure that “Lustre Twist” remains effective.

Daily Cleaning

Normal daily soiling can be dealt with using a suction vacuum cleaner. A 2000 Watt model will give better results than a lower powered model. The use of rubber bladed wet floor tool attachment should increase the effectiveness of the cleaning. Brushing against the pile will help to keep fibres raised.

Periodic Maintenance

Best results can be achieved by the periodic use of a spray or dry extraction carpet cleaning machine or, where possible, by pressure washing or steam cleaning.

The use of a mild detergent (neutral pH) cleaning solution in the carpet cleaning machine should loosen ingrained soiling and aid the removal of oils and grease. More stubborn stains should be treated a solvent based spot remover prior to re-cleaning with the detergent solution.

Chewing Gum can be removed by freeze spraying or with a proprietary chewing gum remover and then scraped or combed out of the matting carpet pile. This should be done before the full cleaning process is started.

Safety Flooring & Matting
Systems

Entrance Matting Systems
(Aluminium, Coir, Rubber
Polypropylene, Nylon,
etc.) & Matwell Frames.

Rubber Flooring Systems
(Round Studded, Square
Studded, Ribbed, Slate,
Chequered, Hammer,
Terrazzo, Smooth etc.)
